

All Saints Parish Hall

Covid 19 Update – QR Code

In conjunction with the NHS COVID-19 Test and Trace programme, which you can download from the App Store or Google Play, the All Saints Parish Hall has been set up with a QR code which can be used in conjunction with the app. The codes will be at the entrance to the hall and in the foyer.

We encourage all visitors to the hall to download the app and to check in by using the QR code when they arrive.

This is a voluntary action, no information is kept or stored by our organisation. This is to assist the NHS Test and Track service in being able to respond rapidly to any potential infections.

Thank you for the part you are playing in helping us to keep our hall open and safe.

Guidance on how the NHS Test and Trace works can be found on the government site.
